

The clinic, minus the commute.

01 Same medicine, your address.

Prepared at the clinic, dosed to the same protocol, administered in your home.

02 A licensed clinical team.

Every visit staffed by DHA-licensed nurses; every protocol physician-signed.

03 Your results travel too.

Home draws are processed by our labs and reviewed in the same physician consultations.

HOW A HOME VISIT WORKS

Book → assess → treat → follow up. Same-day slots often available; a nurse arrives with everything needed, to clinic standard.

Every service here is available *in-clinic or at home.*

Your address is now a treatment room.

Every service on our menu can be delivered at home by Shookra's licensed clinical team — same formulations, same dosing, same physician oversight. Across Dubai, seven days a week.

shookra.com · @shookraclinics

Business Bay & Andaz Palm Jumeirah, Dubai

Open seven days · 10:00am–10:00pm

A home-visit fee of AED 150 applies per session.

Earn **1 Skywards Mile** for every AED 3 you spend at Shookra — at the clinic or at home.

The science of more good years.

DHA FACILITY PERMIT #3449309

The clinic that comes to you.

Physician-led care delivered across Dubai — IVs, diagnostics, peptides, GLP-1 protocols, pressotherapy and consultations, in your home.

Consultations from AED 367.

PHYSICIAN-LED · LICENSED NURSES · CLINIC & HOME

AT HOME · DRIPS & DIAGNOSTICS

Bring the clinic home.

IV THERAPY
